## NO SERIOUS DISORDER MARS REGISTRATION DAY

Throughout the Nation and State the Work of the Registration Officers is Carried Forward With Thoroughness and in Quiet.

### MANHOOD OF THE NATION MARCHES TO THE POLLING PLACES IN ONE SOLID RANK

State Headquarters Announce Quiet Registration Day and Full Returns Throughout the Buckeye State.

Washington, June 5.—(Associated Press Dispatch)—Registration proceeded generally without disturbance throughout the country, and the few arrests were construed by officials not as evidence of any effective organized opposition; but rather as sporadic affairs, to be expected in an undertaking of such magnitude and importance.

The weather was generally fair, and incoming reports indicated a healthy registration during the early hours and continuing as the day passed on.

The extent of evasion will not be known until complete returns are assembled, but officials are confident that it will be negligible.

### BUCKEYE REGISTRATION QUIET

Columbus, O., June 5.—(Associated Press Dispatch)—Early this afternoon, long distance telephone reports to state registration headquarters brought highly favorable reports from the larger cities of the State concerning registration.

At the request of Governor Cox, the mayors of a large number of cities were asked by telephone to tell what progress is being made and of any difficulties that may have been encountered.

Reports from Cincinnati were highly optimistic, the statement being that registration would be finished earlier than expected and that there has been no semblance of trouble of any nature.

Similar reports came from Dayton, Toledo, Cleveland, Marietta, Youngstown and other points.

Reports of trouble at St. Marys were found to be false, the chief of police telling State Registration Headquarters that everything was progressing splendidly there.

Lucas County officials called for 10,000 additional registration cards at noon, and a special courier was rushed there on an afternoon train with the blanks.

Reports from a large number of Columbus precincts and from several other points at noon were to the effect that a very small percentage of men are claiming exemption.

### OHIO MAY TOTAL 500,000

The total registration today in Ohio may reach 500,000. Lowest estimates were that 450,000 men within the age limit will have declared their readiness to answer the call to the colors by 9 o'clock tonight.

### LARGER OHIO DRAFT BOARDS

Columbus, O., June 5.—(Associated Press Dispatch)—Instead of having only one draft board to make exemptions, Judge Advocate Hubert J. Turney of the Ohio National Guard announced this afternoon that all of the larger counties in Ohio—counties with a population of 45,000 men of military age and over—are to be subdivided into from two to twenty districts, with a draft board for each district.

By appointing these many new draft boards, it was announced that the drafting of men for military service and the exemption of others could be made more quickly.

Judge Advocate General Turney intimated that the drafting would begin tomorrow, and that all drafting in Ohio may be completed by July 4.

### FIRE 4 SHOTS AT SUB

London, June 5.—(Associated Press Cable)—The American steamship *Mongolia* fired four shots on June 1 at a German submarine which discharged a torpedo at the liner. Neither the *Mongolia* nor the submarine was damaged.

### RED CROSS CONTINGENT OFF FOR DUTY WITH FLEET

AMERICAN RED CROSS OFF FOR WAR

In the accompanying illustration are shown Red Cross doctors and nurses leaving to join the Atlantic fleet. They are on board the *Surf*.

On behalf of the government and the American Red Cross, Commander T. W. Richard, acting director of the national military relief and medical inspection of the United States navy, formally received from Dr. John A. Harris of 140 Riverside drive, New York, the steam yacht *Surf*, to be used as an ambulance ship in the war.

A distinguished gathering, including Mrs. Andrew Carnegie, whose husband once had the ship under charter, attended the ceremony which began with the raising of the United States and Red Cross flags above the ship, moored at the foot of West

Seventy-ninth street, to the accompaniment of "The Star Spangled Banner." There followed in rapid succession "God Save the King" and "The Marseillaise." Dr. E. M. Stires, rector of St. Thomas' church, delivered the prayer. Dr. Harris had received a certificate signed by President Wilson and by ex-President Taft, head of the Red Cross, attesting to the gift.

### BRITISH BOMBARD GERMAN NAVAL BASE

London, June 5.—(Associated Press Cable)—The German naval base at Ostend, on the Belgian coast, has been bombarded by British warships. The British forces were undamaged.

### GERMAN DESTROYER SENT DOWN

British Admiralty Reports Fight With Six Destroyers.

(Associated Press Cable.)

London, June 5.—A German destroyer has been sunk and another damaged in a running fight between six German destroyers and Commodore Tyrwhitt's squadron, the Admiralty announces.

The Admiralty statement follows: "Commodore Tyrwhitt reports that early this morning a force of light cruisers and destroyers under his command sighted six German destroyers and engaged them at long range in a running fight.

"One of the enemy destroyers, the S-20, was sunk by our gun fire, and another severely damaged.

"Seventeen survivors from the S-20 have been picked up and made prisoners. There were no casualties on our side."

### SENT TROOPS

By Associated Press Dispatch.

Lansing, Michigan, June 5.—Governor Sleeper today wired orders to the commanding officer of Company M, 33rd Michigan Infantry, at Marquette, to hurry to Negaunee, a near-by mining town, with 25 National Guardsmen.

Reports from Negaunee to the Governor said that I. W. W. agitators there were threatening forcibly to oppose registration.

### APPOINTMENTS

By Associated Press Dispatch.

Columbus, O., June 5.—The appointment of Patrick Berry, of Mt. Vernon, as Assistant Commissioner of the Blue Sky Bureau of the State Banking Department is to be announced late today.

He will succeed W. H. Tomlinson, of Dayton, whose appointment as State Insurance Superintendent was made known last night by Governor Cox.

Announcement also will be made late today of the appointment of John I. Miller, of Columbus, as State Superintendent of Public Works, succeeding Frank R. Fauver. The change is effective tomorrow.

### GERMAN APPEAL

(Associated Press Cable.)

London, June 5.—A decree issued in Berlin, as reported from Amsterdam in a Central News dispatch, appeals to deserters to return to the colors before July 15.

Those who do so may look for amelioration of punishment or for pardon, if they show themselves worthy in the field.

Furthermore, they will not be placed under preventative arrest. The decree adds that the offer will not be repeated.

The enemy, it is said, will regard this appeal as a sign of difficulty in filling the ranks; but as a matter of fact, it is a noble hearted act by the Emperor.

### CONTORTIONS OF RUSSIA

Statement Issued by Soldiers and Workmen's Delegates.

(Associated Press Cable)

Petrograd, via London, June 5.—The Council of Soldiers and Workmen's Delegates today sent a long statement to the Socialist Parties and central federations of trade unions of the world, repeating its appeal of March 28 to the peoples of the world to unite in resolute action in favor of peace, and in which it inscribed on its banner "Peace Without Annexations or Indemnities, on the Basis of Rights of Nations to Decide Their Own Destiny."

### TAKE INITIATIVE

The statement then refers to the decision of the Council of Soldiers and Workmen's Delegates to take the initiative in summoning an international conference, and continues:

"The Council of Soldiers and Workmen's Delegates is of the opinion that the speedy termination of the war and the restoration of international peace on the basis required by the general interests of labor, as well as of mankind, can only be achieved if the Socialist Labor Parties and trades unions in all countries, belligerent and neutral, will unite their efforts in a stubborn and energetic fight against this universal slaughter.

"An international agreement upon such a policy is the main preliminary condition for placing the struggle for peace upon a broad international footing."

### FRENCH DEPUTIES ANNOUNCE PEACE TERMS OF NATION

### TURMOIL OF RIOTING AT JOLIET

Convicts Defy Guards and Militia.

Building Destroyed by Angry Rioters.

By Associated Press Dispatch.

Joliet, Ill., June 5.—One of the most persistent riots in prison history kept the Illinois State Penitentiary in turmoil today.

After six hours of fire and violence, despite the presence of a battalion of the First Illinois Infantry, 200 of the 1,600 convicts remained herded in a corner of the prison wall, fenced in by bayonets in the hands of the soldiers.

During the forenoon, two guardsmen were injured, one by a thrown missile and the other by a rebounding bullet, and three convicts were slightly injured by clubbed rifles or prodding bayonets.

Five buildings were set on fire. Three were saved, but the paint and oil shop and the chapel were destroyed.

Two companies of the guardsmen, who are in federal service and were sent to the scene only after permission had been obtained from General Barry, at Chicago, were inside the enclosure, and one company outside, to prevent escapes in the confusion.

The trouble started at breakfast, at 7 o'clock, over an order of Temporary Warden Bowen restricting the visiting list to relatives of prisoners. Tables were overturned and dishes were thrown about.

Disorder broke out afresh at ten o'clock, when fire was discovered in the rattan factory. Prison firemen, who attacked the flames, were assailed by convicts, but the fire was put out.

Meanwhile, the sheriff and the Adjutant General of the State were appealed to for help.

It was nearly noon before a sufficient force had arrived to make progress against the outbreak.

With restrictions on the use of their weapons against a mob armed with all sorts of weapons save firearms, it was a difficult task, but by firmness and patience, all but the stubborn 200 prisoners were back in their cells at 2 o'clock this afternoon.

Rockefeller Tax Case in High Court. Washington, June 5.—The supreme court was asked to aid Cleveland in its long fight to collect taxes from John D. Rockefeller. Acting for P. C. O'Brien, county treasurer of Cuyahoga county, Rufus S. Day filed a petition asking for a review of the case by the high court.

Policy of France Is One of Frankness and Clearness, Declares Ribot.

Must Include Return of Alsace Lorraine and Reparation for Damage to Invaded Districts.

(Associated Press Cable)

Paris, June 5.—By a vote of 453 to 35, the Chamber of Deputies, in secret session, has adopted a resolution declaring that peace conditions must include the liberation of territories occupied by Germany, the return of Alsace-Lorraine to France, and just reparation for damage done in the invaded regions.

The resolution, which was accepted by the Government, also favors the creation of a league of nations for the maintenance of peace.

The secret session, which was adjourned on Saturday, continued all yesterday afternoon and evening until midnight.

Speaking of the resolution, Premier Ribot said:

"The Government asks you to vote for this resolution. French policy is the policy of frankness and clearness.

"When the hour for supreme decision strikes, it will be for representatives of the country to determine the conditions of peace.

"We wish to bring about the triumph of right of the people and the ideas of justice and liberty.

"Do not let us be deceived by formulas whose makers hide themselves and wish to spread the conviction that we seek conquest.

"We ask only that what is ours be returned to us. We demand that the provinces which have never ceased to be French be returned to us."

### BRAZIL SENDS BEST WISHES

(Associated Press Cable.)

Rio Janeiro, Monday, June 4.—The Chamber of Deputies voted today on motion of Deputy Lacerda to authorize the cabling of a message of congratulations to the Congress of the United States on the arrival of the American squadron.

### RANDOLPH WALTON APPOINTED TO JOB

By Associated Press Dispatch.

Columbus, O., June 5.—Randolph W. Walton, a Progressive Republican of Columbus, today was appointed by Governor Cox a member of the State Civil Service Commission.

The appointment will take effect June 15. Mr. Walton succeeds D. B. Campbell, resigned.

## YOUNG MEN OF FAYETTE FLOCK TO THE COLORS

Registration Proceeds Without Interruption and Large Numbers Register Bright and Early—Registration Proceeds Until Nine Tonight.

With the same display of fine spirit and high purpose which has always characterized the response of Fayette county citizens to the call to the colors, the young men of the county stepped forward in one solid mass Tuesday to register and await the call to service to protect the liberty of the land and flag they love and to do their bit in spreading the light of liberty and democracy throughout the world.

Each registration booth was a busy place early in the morning when there was a general rush to the booths to register, and clerks were kept busy asking questions, answering the questions of the applicants, and filling out the registration cards.

From every nook and corner of the county the young men stepped forward to register, and virtually every man of the hundreds registering is willing to do his part, small though it may be, in the defense of the Stars and Stripes.

It was estimated in this city that two-thirds of the eligibles had registered at the noon hour.

There was no unusual demonstration until The Elks, headed by the Washington band, began the work of escorting their members to the polls late in the afternoon.

In Bloomingburg, Jeffersonville and other towns in the county, the registration went forward quietly and without protest, and the early registration was heavy.

The registration booths will be open until nine o'clock tonight, and all eligibles who have not registered up to that hour must answer to the grim call of Uncle Sam and suffer the disgrace of punishment as a "slacker."

## REPORT SLACKERS TO AUTHORITIES

Every patriotic citizen, who loves fair play and is endeavoring to do his duty to his country is urged to notify J. D. Post, Chief Deputy, Board of Elections, of any person of eligible age who has failed to register for military service if called.

It is expected that there will be a few persons who either have failed unwittingly or knowingly to register, and if such information is placed in the hands of Chief Deputy Post immediately, proper steps will be taken for proper punishment.

It is a patriotic duty to report all such persons.

## FAYETTE FISH AND GAME ASSOCIATION BUYS LIBERTY BOND

At a rousing meeting of the Fayette County Fish and Game Protective Association—the largest organized body in Fayette county, held at the Probate Judge's office, Monday night, action was taken to buy \$350 worth of Liberty Loan Bonds, the association having a snug surplus in the treasury and wishing to be patriotic as well as progressive.

Forty members were in attendance, and 24 new members were reported, bringing the total membership up to 718.

Various committees on the annual picnic reported that everything was in readiness for the big annual event which will be held on Wednesday of

next week—June 13—at Cedar Hurst, below Rock Mills.

The committee on transportation reported that 75 automobiles had been promised to carry members to and from the picnic, and the committee on the various events reported that all plans had been completed.

It is understood that a large number of business places will be closed on the day of the picnic, and it will be a semi-holiday in this city and county.

## TWINS ARE SENT TO WORKHOUSE

Both Til and Hays Taylor, familiarly known as "The Twins" will soon be in Xenia workhouse doing time for interfering with an officer in the discharge of his duty, and both have long sentences hanging over them.

Hays Taylor was taken to the institution a few days ago after entering a plea of guilty to the charge against him, but Til Taylor refused to plead guilty, with the result that he had a hearing before Mayor Oster, was bound over, and certified from the Common Pleas court to the Probate Court and there found guilty and fined \$300 and given 30 days additional.

The offense of which the two men were convicted grew out of resisting arrest when the officers were called to their home as result of a drunken row in which the Taylors were the star performers.

## UNUSUAL CASE IN THE COMMON PLEAS

In the common pleas court, The Great Atlantic and Pacific Tea Company, through attorneys Post & Reid have filed suit against Luther Harper, of the Octa locality, to restrain him from the sale of teas, spices and other articles as representative of The Jewel Tea Company, with which company Harper is now associated after having quit work for the plaintiff in the case.

Plaintiff declares a contract was entered into with defendant in May, 1916, whereby the defendant was to be their salesman and collector in Greene, Fayette, Ross and Highland counties, and that defendant has not worked for them since last month, but has obtained valuable knowledge and is using it in the sale of articles for the Jewel Tea Company in direct opposition to the contract with plaintiff. A temporary restraining order was issued in the case.

## CHILDREN'S DAY

The annual Children's day service of the Church of Christ Bible school was observed last Sunday night with a program of more than ordinary interest. The church was filled to its fullest capacity with some standing and a number turned away.

Superintendent James Minshall had charge of the services and the various numbers consisting of recitations, songs, drills and anthems were well rendered and well received.

The story of "A Missionary Dollar" by eleven young ladies showed the various departments of missionary service. A memorial tribute to Ray Eldred, one of the pioneer missionaries to Africa was given by five young ladies, which portrayed the heroic sacrifices on the mission fields.

Uncle Sam was present in full uniform and told how he had been spending his money during the past year. The audience left the impressive service feeling that the world is calling to the church today for heroic service and leadership for the building of a new civilization for tomorrow.

## MUCH DISCUSSION LEADING FEATURE OF COUNCIL MEET

B. & O. Stock Pens Again Given Attention—New Water Plugs Added—Adjournment Taken Until June 18th.

Little business of importance was transacted by the city council at its regular monthly session, Monday night, and much time was taken up in informal discussion which, until the present regime, has characterized each council meeting.

P. J. Burke stated to council that under purchase agreement he was not to be put to any expense on Water street, and that the city was to build curb and gutter, and lay macadam 15 inches in depth, but had not done this. No action was taken in the matter.

The B. & O. stock pens came up for discussion, and Attorney Tom S. Maddox asked for what reason the matter had been tabled, and stated that the petitioners desired to have it taken up again.

Howell announced that it was the belief that the petitioners should have filed suit direct for the removal of the pens.

Maddox then declared that he had been employed to lay the matter before council, and that the citizens desired to have council take the matter up with a view to removal of the pens and they wanted to know at once whether council intended to act or expected to leave the entire matter on the table. He declared it was the duty of council to act one way or the other.

J. D. Post, representing the B. & O. spoke on the subject at some length, declaring that the stock pens were the private property of the B. & O. and were in good condition, and if council was not satisfied, he was sure that the B. & O. would pave or concrete the pens and take other steps toward keeping them in the best possible condition. He stated that if the pens were a nuisance, the B. & O. would abate it, and that he believed the B. & O. also would be willing to help improve the streets near the pens.

Veal explained that the matter had been tabled because the committee sought definite information before acting.

Maddox then stated that the B. & O. had often made rosy promises about cleaning up and keeping the pens clean, but had never done it, and that the pens were breeders of disease and a nuisance.

Another representative of the B. & O. then declared that the B. & O. had endeavored to meet the people half way and that the pens were now in fair condition, and that two loads of elders were now on the way to place in the pens.

The Board of Health committee was named to investigate the stock pens condition and make report.

This City Treasurer's report showed the general sinking fund to be overdrawn \$1628.13. The city treasurer also asked for a new ledger and the S. S. Director was asked to purchase same.

The balances in the various funds shown by the City Auditor's report showed: General fund \$7656.43; Safety, \$499.48; Health, \$301.43; Service \$1008.34.

Evans asked if an effort could not be made to improve the side streets, and proved that a committee be named to recommend some method, either by bond issue or otherwise.

The Ways and Means committee was named to investigate.

Inquiry was made as to the status of the improvement on East street, west of Main street. It was reported that the proceeding for the im-

## Clara Kimbal Young

An Appealing Love Story Absorbingly Revealed

ROBERT W. CHAMBERS has never written a more wonderful story than this brilliant novel of New York life. Its heroine, Valerie West, artist model and philosopher, is one of the most sympathetic figures in modern literature. As portrayed by Miss Clara Kimbal Young she becomes a living personification of sweet and noble womanhood. Her joys and sorrows, her trials and ultimate triumph in the love of Kelly Neville, artist and gentleman, have given the screen one of the few really great photo-dramas ever produced.

Upon motion by Veal water plugs and extension of water mains was ordered on East Temple street, from Wilson street eastward, and also on Florence street from Willard street.

Upon motion by Rowe, the S. S. Director was authorized to move and extend sewer on Sycamore street so that it would carry the storm water along that thoroughfare.

The S. S. Director asked if Clinton avenue could not be improved in some manner. He stated that no money was available.

Adjournment was taken until June 18th.

## SIXTY-THREE MEN SEND CARDS HOME

Clerk of Courts E. W. Durlinger had filled out 63 registration cards up to Tuesday morning.

These cards are filled out and given to the applicants who are working in the county, or visiting here, and by them forwarded to the sheriff of their home counties and turned over to the proper registration officials.

The number of cards sent out of the county is less than two-thirds the number sent back by young men who are from this county and working elsewhere.

## WILMINGTON IS CLOSED TODAY

Wilmington is closed tight, today, in observance of Registration day as a holiday. No papers are published, no banks or business houses are opened, and the holiday is being observed in every sense of the word.

## RECRUITING STATION ON COURTHOUSE LAWN

A tent has been erected on the courthouse lawn and a recruiting station opened.

The appearance of the tent is expected to increase interest in recruiting.

## CHRISTIAN ENDEAVOR.

The Christian Endeavor of the Church of Christ will hold an open meeting and jolly get-together party at the home of the Misses Alpha and Mary Sexton, next to the Greenhouse, on N. Leesburg Masons paid high honor to Mr. Jonah Marchant, a member of the order for half a century, at a notable banquet Monday night.

The affair was in compliment to Mr. Marchant who was presented with a lamb's skin apron as a fitting memento of the occasion.

Mr. Marchant is 86 years old and as active as a man of half his years, having all his faculties intact. He responded happily to the felicitations showered upon him.

Hon. T. W. Marchant, of this city, a son, and Mr. O. D. Marchant, a nephew of this city, were among the guests.

## 200 PRINCIPALS ENDORSE SHOOP

The election of John D. Shoop as superintendent of schools was unanimously endorsed by more than 200 principals of the Chicago public schools at a meeting Saturday night in the Mallers building.

Chester O. Dodge, principal of the Mitchell school, was chairman of the committee of resolutions. These were sent to Harris W. Huehl, chairman of the committee of the board of education appointed to select the superintendent. The resolution read:

"Whereas, the committee has asked advice concerning the selection of a superintendent, and

"Whereas, we believe the principals of the public schools are among those most competent to decide such a question, therefore be it

Resolved, that we recommend the election of John D. Shoop as superintendent because of his character, experience and ability."

"As far as I know the superintendents are unanimously in favor of Mr. Shoop," said H. F. Kling, principal of the Brentano school, who furnished the information. "When Mr. Shoop spoke during the day at the Normal school he received one of the most remarkable ovations ever given any one." — Chicago Tribune.

## FRANKFORT AGOG PLACARDS SPREAD

Frankfort and vicinity are agog today, and the town, according to reports of visitors to that place, has been liberally plastered with handbills branding a prominent young man of that community as a "slacker."

A huge banner also was spread across the street bearing the inscription that the young man in question was the "only slacker in Frankfort." The plaster of placards was discovered early Tuesday morning when citizens arose, and observed that they had been spread broadcast during the night. The name of the alleged "slacker" was not disclosed by the placards.

It is understood the young man for whom the publicity was intended has been unfortunate in his talk regarding military service, and for this reason made a number of enemies.

## Poetry For Today

TO THE UNITED STATES.

Brothers in blood! They who this wrong began  
To wreck our commonwealth, will rue the day  
When first they challenged freemen to the fray.  
And with the Briton dared the American.  
Now are we pledged to win the Rights of man;  
Labor and Justice now shall have their way.  
And in a League of Peace—God grant we may—  
Transform the earth, not patch up the old plan.

Sure is our hope since he who led your nation  
Spoke for mankind, and ye arose in awe  
Of that high call to work the world's salvation;  
Clearing your minds of all estranging blindness  
In the vision of Beauty and the Spirit's law,  
Freedom and Honor and Sweet Loving-kindness.  
—Robert Bridges, Poet Laureate.

## Grander Than Ever

Each spring—each June—we think, nature is more magnificent, more splendid, more beautiful, more full of promise than any of her preceding annual coming out times.

This year, however, it does seem that the woods and pastures lands, the wheat and the meadows, are cleaner and brighter and greener than they ever were before. The rains have washed every particle of dust and dirt off the vegetation and foliage and flowers stand revealed in all the splendor of nature.

The folks who work in the rural districts in times like these, when every living thing is at its best, so full of young life and bright with promise, are fortunate. Those who are able to get out into the country, in the quiet places and enjoy the beauty of it all are next in fortune's favor and the folks who are bound to the desks and offices and work shops of the cities and towns are to be pitied.

Everybody should make a supreme effort to get into the country districts this spring. They'll feel freer, they'll feel happier, the future will look much more attractive. If you have a grouse toward your fellow men or, worse yet toward yourself, it will be forgotten if you take it to the country any one of these spring days.

## For the Time Being

The American people have been, during the last score of years especially, a wonderfully prosperous people and a wonderfully free and privileged people.

Having enjoyed such a multitude of blessings and such a wide and care free liberty it is particularly difficult for them, now that the crisis has come, to surrender for the time, their democracy to the demands of the military.

But that is just what must be done if the armies of the United States are to carry to glorious victory the flag of the nation. That's what must be done if this nation is to be organized financially and in a military way for a proper campaign either of offense or defense.

The American people are patriotic—no people are more so. No people appreciate the blessings of a free government more than we do. We have lived for years going along in our own peaceful way minding, individually and collectively, our own affairs. We have not disturbed others in the enjoyment of all their manifold privileges and others have not disturbed us. We have given the army and the navy, comparatively, little thought—less perhaps, in view of Germany's course than we should have given. We have jealously guarded every right and resented any suggestion of interference with our privileges.

But the time has come—it is here now—when we must, for a while at least, submit to restrictions, to rules and regulation, we have not known of before.

The time for talks, the time for objecting to a concentration of power, the time to argue is past. We must now, either literally or figuratively take up a gun and do our part, our individual privileges must give way to the larger demand and those who object now are not patriotic. There is but one thing now—action.

The democracy which we all love must for the time become military. Our democracy must arm itself and as "one man march to the defense of the ideals to which the nation is consecrated." Then after the war is over and blessed peace comes once more the nation can do like "Burns of Gettysburg," who when that great battle was ended and Lee had retreated back into Virginia, "shouldered his rifle, unbent his brows, and then went back to his bees and cows."

## When Interest Stops

It is really remarkable, when we stop to think of it, how easy it is to get men interested in a movement to increase the rate of taxation another notch or two—how enthused real "hard headed," close calculating business men will become in a proposal which means a larger expenditure of the public revenues, and how difficult it is to arouse more than a mere casual interest of the same men by a proposal to watch expenditures.

There is not one bit of doubt that many special increases in tax rates could be avoided entirely if business men—the men who pay the bills—would contribute a small part of the energy and ability toward conserving revenues we have, that are given so generously to a proposal to boost the tax rate.

We believe firmly in public improvements, we believe that public expenses are necessarily larger now days than ever before and that they can't be materially reduced. We believe in progress and civic betterments of all worthy kind but it is remarkable that so much attention—so much enthusiastic support is given proposals to increase the tax rate and that then, after the increase is secured, the men prominent in bringing it about promptly dismiss the whole matter and never even inquire whether the money is being expended wisely.

## Poetry For Today

TO THE UNITED STATES.

Brothers in blood! They who this wrong began  
To wreck our commonwealth, will rue the day  
When first they challenged freemen to the fray.  
And with the Briton dared the American.  
Now are we pledged to win the Rights of man;  
Labor and Justice now shall have their way.  
And in a League of Peace—God grant we may—  
Transform the earth, not patch up the old plan.

Sure is our hope since he who led your nation  
Spoke for mankind, and ye arose in awe  
Of that high call to work the world's salvation;  
Clearing your minds of all estranging blindness  
In the vision of Beauty and the Spirit's law,  
Freedom and Honor and Sweet Loving-kindness.  
—Robert Bridges, Poet Laureate.

## OFFENSIVE BY BRITISH IS HERALDED

### Thunder of British Increase Day by Day.

By Associated Press Dispatch.

All the familiar signs which herald a great offensive are reported from the British front in France, and everything points to the near approach of the resumption of fighting on a great scale in the western front.

The thunder of the British guns increases day by day in volume, while trench raids and other feintings for position multiply in number.

The most interesting feature in the meager official report is the repeated announcement of a tremendous artillery duel around the little Belgian village of Wytschaete.

From this point, as far south as the famous Vimy Ridge, 30 miles away, the guns are roaring day and night, apparently indicating that General Haig has chosen this wide sector for his next blow.

## GERMAN PLANES AGAIN ATTACK

(Associated Press Cable)

London, June 5.—Official announcement is made that an airplane raid is now in progress over the Thames estuary.

One German airplane is reported to have been brought down. Bombs were dropped over Essex and Kent.

The head of the Thames estuary is about 25 miles west of London.

## GOHAM POLICE KNEW ABOUT WIRELESS PLOTS

By Associated Press Dispatch.

New York, June 5.—The police announced today they had positive information that "the head of the German wireless system" came to this country, made plans regarding wireless outfits and other details through which information was to be conveyed to Berlin, and then departed, probably for Mexico.

## GUYNEMER, FAMOUS FRENCH AVIATOR

Captain Georges Guynemer, France's most famous air fighter, has now achieved unquestioned supremacy over all other airmen of any nation. An official announcement brings the news that he has raised his total of German machines destroyed in single combat to forty-three, greater than has ever been claimed for any other pilot, allied or German.

Captain Boekle, Germany's most famous air fighter, was killed after he had according to the German official bulletins, shot down thirty-eight allied aviators. The German method of computation of "victories," however, is much more liberal than the French.

The German aviators claim as a victory every case in which the opposing machine is put out of action, whereas the French are not allowed to do so except in cases where the opposing machine was distinctly seen to fall by at least two observers besides the aviator who shot it down and was distinctly seen to be destroyed by its fall.

## GERMANS ARE HAMMERED BY SEC'Y LANE

By Associated Press Dispatch.

Washington, June 5.—On the eve of war registration day, Secretary Lane made a speech before the home club of the interior department last night in which he addressed a word to those who have not seen clearly the reason for the country's call upon its young men, and in ringing sentences answered the question "Why are we fighting Germany?"

"America is at war," Mr. Lane said, "in self defense and because she could not keep out; she is at war to save herself with the rest of the world from the nation that has linked itself with the Turk and adopted the method of Mahomet, setting itself to make the world bow before policies backed by its organized and scientific military system."

"Tomorrow is registration day," said the secretary. "It is the duty of all, their legal as well as their patriotic duty to register if within the class called. There are some who have not clearly seen the reasons for this call. To these I would speak a word.

"Why are we fighting Germany?—the brief answer is that ours is a war of self defense. We did not wish to fight Germany. She made the attack upon us; not our shores, but on our ships, our lives, our rights, our future. For two years and more we held to a neutrality that made us apologists for things which outraged man's common sense of fair play and humanity."

## MRS. JOHN McLEAN BURIED TUESDAY

St. Colman's Church held a large number of sorrowing relatives and friends Tuesday morning at nine o'clock for the funeral services of Mrs. John McLean.

Rev. Fr. Fogarty conducted the services and the choir sang the Requiem mass beautifully. Aloysius McDonald sang "Face to Face"; Miss Margaret McDonald organist.

The burial followed in St. Colman's cemetery. The pall-bearers were Messrs J. A. McLean, Thad McLean, Wm. Wood, Wm. Mitchell, Aus. Lauderman and Lininger.

Mr. McLean and the daughter Caroline, arrived with the body from Columbus at 7:42 Tuesday morning.

## NINETY-SEVEN MEN REGISTER FROM AFAR

Ninety-seven registration cards from Washington men who are working away from the city have been received by Sheriff Henry Jones and distributed among the various registering places.

Seventy of this number were from the city and the remainder from the county. They were sent from all parts of the country, several from New York and many from the far west. Two from Rochester, N. Y., were received at noon today.

Goods You Can Enjoy

The evening's hostesses, Misses Helen Testers, Irene Tobin, Marie Melvin, Nina Mayo and Lillian Taylor, served ice cream, cake and fruit punch from a table prettily decorated. Miss Flora Allen, daughter of Mr. and Mrs. J. H. Allen, and Mr. William D. Turner, of Columbus, were quietly married by Rev. David H. Barre, of St. Andrews Episcopal church Monday afternoon.

Mr. and Mrs. Turner left at once for Columbus, their future plans having not yet been announced.

In the big third story of Mrs. Austin F. Hopkins' home, so well adapted to informal gatherings the M. H. G. Class held a picnic supper and merry revel Monday night.

The table was laid in the form of a cross and piled with every thing that could be concocted for a delicious picnic spread. After the gay supper hour the girls sobered long enough for a brief business session before going down to the music room for a closing hour of music and visiting.

The social session committee in competent charge included Misses Fannie Hyer and Jane Paul and Mrs. Walter Sprenger.

Miss Iliah Moots of Greenfield, O., a former member of the class was a welcome guest.

The home of Mr. and Mrs. Oscar McCoy of Good Hope was hospitably enfolded Saturday evening when Mrs. McCoy gave an exceedingly pretty surprise party in honor of her husband's birthday.

Patriotic decorations combined with pink and white flowers in adorning the home and the same tints prevailed in the delicious luncheon served.

Participating in the jolly evening were: Mr. and Mrs. Harley Cherry, Mr. and Mrs. Waldo Binger, of Buena Vista; Mr. and Mrs. Wilbur Campbell of near Greenfield; Mr. and Mrs. H. D. Rodgers, Misses Martha Wood, Jeanette Walker, Mary Hol-

liden, Lucy McElwain, Edna Kerr, Margaret Littler, Messrs. Wm. White Russell Tudor, Walter Free, Homer Johnson, Edgar Campbell Oliver Wood.

Patriotic contests, an "Engagement program" and games provided diversion for the guests. The prizes were flags and flags headed the programs.

A family reunion of more than ordinary pleasure took place at the home of Mr. Emmitt D. King Sunday. Those taking part were Mr. H. W. Wilson and family, of Bloomingburg; Mr. James King and family, Mr. Hayward King and family.

A delightful surprise dinner in compliment to Mrs. D. C. McCune was enjoyed at the McCune home on the Robinson road Sunday.

Eleven children and twenty-seven grandchildren assembled, bringing to the beloved mother and grandmother gifts both useful and ornamental.

There was a splendid dinner, and every one sampled the delicious birthday cake. The decorations were in pink and white.

The campaign will cover the whole county. Arrangements are being made by the membership committee to have speakers here from Cincinnati, Columbus and Portsmouth, familiar with Red Cross work, who will go, with local delegations, to the various towns in the county. Interested persons in each place will arrange for the local end of it in the way of a public meeting or otherwise, and auxiliaries will be formed all over the county. Many inquiries have been received here from various points indicating that there is much interest in the movement.

The Lancaster Eagle announces that "The Red Cross membership committee is doing valuable work for the society and many new members have been added recently."

Wilmington Active

The women of Wilmington have been particularly energetic in the Red Cross work recently begun there. They have organized their forces into two committees: The Surgical Dressing Committee, with Mrs. Bess Kerr Galvin as chairman is preparing bandages and surgical dressings; the other committee is at work on a Box No. 6, which contains bathrobes, pajamas towels and hospital shirts.

The membership campaign has been very successful. They have also held a tag day. One of the more unique ideas for raising money for the work by the Wilmington women was a military euchre, which was generously patronized by the younger society of the city.

IN SOCIAL CIRCLES

A delightful birthday surprise dinner was tendered to Tom McCoy, at the home of his parents, Mr. and Mrs. J. W. McCoy, in Bloomingburg, Sunday.

The picnic dinner was a sumptuous one and red peonies, purple and white iris used in decoration. Mr. and Mrs. Frank James, Mr. and Mrs. Will Huffman were the only guests outside of the families.

Mrs. John L. McKee entertained with an elegant six o'clock dinner Monday night. An artistic arrangement of luscious blossoms in the center of the table scented the room with delicious fragrance.

The guests were Mr. and Mrs. Frank Gibson and daughter, Evelyn, of Cincinnati; Mrs. George Swope and granddaughter, Harriet, of Springfield, Mr. and Mrs. R. S. Sanderson, Mr. and Mrs. Ed. Scoggins and Miss Stella Graves.

The May social session of Mrs. Eva J. Penn's Bible Class proved an unusually enjoyable affair of Monday evening in Grace Church.

After the business session a novel and entertaining program was presented.

Mr. and Mrs. R. T. McClure, daughter Enid, and son, Feurt, are spending a couple of weeks with Mrs. McClure's parents, Mr. and Mrs. Feurt, in Chicago.

Two Sons of Mr. and Mrs. M. M. Barrere, This City, Among First to Go to France, "Mit" as Wireless Operator and Walter in Hospital Corps.

Mr. and Mrs. M. M. Barrere, of this city have received information from their son, Milton, familiarly known as "Mit" who has been stationed at San Antonio, Texas, as government wireless operator, that he would go with General Pershing's expedition to France, and that in all probability they would not hear from him from the time he left until he landed in France.

It will be remembered that Mr. Barrere returned to his home in this city last spring after two or three years in Alaska, where he was employed by the government, and after a short visit, was summoned to San Antonio, where he did splendid work as a government wireless operator.

A short time ago a communication from Mr. Barrere stated that he was under General Pershing's command, and would be with the first expedition to France.

Mr. Barrere is an expert operator and a most valuable man to the government. His work will be among

## Zealots in Anti-Draft Plot Held for Federal Grand Jury

Three youthful zealots, two boys and a girl, were taken into custody by United States agents, the first persons to be arrested in connection with the propaganda against the draft bill. For several hours they remained prisoners in the federal building, New York, and were then released on \$1,500 bail each, the money being furnished by Professor H. W. L. Dana, a well known pacifist.

The boys are Owen Cattell and Charles Francis Phillips, students at Columbia. The girl is Eleanor Wilson Parker, a graduate of Barnard. Cattell's father is Professor J. McK. Cattell of Columbia. Phillips' father is a wealthy manufacturing tailor. The girl's parents live at Asbury Park, and it is stated that one of her ancestors, responsible for the "Wilson" in her name, signed the Declaration of Independence.

In the course of the investigation that followed the arrest of the youthful trio it developed they claimed German money had been offered them and they had refused it.

## THE MOST IMPORTANT OF THE CORPS GOING WITH THE PERSHING EXPEDITION

So far as known he is the only Washington C. H. man who will have the honor of being in the first expedition.

Mr. and Mrs. Barrere also have received word from their son Walter, who, 18 months ago, enlisted in the Hospital Corps at Chicago, and he states that within a short time he also expects to be sent to France, and may be among the first hospital corps sent. If this is the case he will, in all probability, see his brother who goes from the other extremity of the United States.

Mr. and Mrs. Barrere are quite naturally deeply concerned over their sons' departure, but seek solace in the knowledge that both are to do their "bit" for their country; their flag and for humanity throughout the world.

## PRES. JAS. A. BURNS OF THE MOUNTAINS

Jas. A. Burns, "Burns of the Mountains," has been called "the most sought after lecturer in America."

This plain man of the mountains has made a tremendous impression upon Lyceum and Chautauqua audiences for several years past. He tells a thrilling story of the redemption of the Anglo-Saxon people of the mountains from the blot of feudalism through the medium of education.

## NINE RECRUITS ARE REJECTED

Nine of the fifteen recruits added to Company M during the last few days have been rejected through failure to pass the required physical examination.

Lieutenant Harry V. Christopher, of London, Ohio, examining physician of the Fourth Regiment, arrived in the city Monday night and began work at once. He has temporary headquarters at the Y. M. C. A.

The following enlisted men have successfully passed the examination: Willard C. Wilson, Fayette county; John S. Ellars, Cash Kneisley, and Loyd Coe, of Bookwalter; Edison A. McFarland of Pittsburgh, Pa., and Cecil McMann of Washington C. H.

The quota of Company M at present is 113 men.

## SCHOOL BOARD IS URGED TO "WAIT"

A score or more of citizens met at the court house Saturday afternoon, and discussed school matters generally, and before adjournment the following resolution was adopted:

"It is the sense of this body that no centralized schools shall be constructed at this time, and that the watchword be 'wait.'"

A number of persons made speeches and the meeting was in the nature of an indignation session, with the transfer of territory, expense of conducting the schools, centralization of the schools and other matters coming in for attention.

Jas. Ford presided over the meeting. Another meeting may be called in the near future, and attended by school patrons in general.

## SPLENDID SERVICES AT BAPTIST CHURCH

A fine audience gathered in the First Baptist church Sunday night to hear the fourth sermon delivered by Rev. G. L. Hart, in the series Lessons on Spiritual Warfare, from European Battlefields. The special topic was "Standing on Guard."

Preceding the sermon Mrs. John Browning sang beautifully a solo "He Knows It All."

Taking his text from 1st Cor. 16:13, Mr. Hart said in part:

"This is a trumpet call to watchfulness. A sleeping church needs waking up. An empty profession needs to load up with cannon shell. We need Christian soldiers for something else besides dress parade on Sunday. We must stand guard over ourselves. It is all right to preach, but we must also practice. To pray is the right thing, but we must also pay. We must watch against dishonesty, double dealing, and tricks of trade, and all hypocrisy."

"We must watch against the materialism of our day which crushes out the spiritual life."

"We must also watch for the good as well as the evil, the bright wonderful things of the hour, for splendid happenings."

"A guard must learn to distinguish between friend and foe."

"Behold the magnificent patriotism and courage of our young men ready to live or die for our country and righteousness. Watch the marvelous preparation and equipment of the nation. Watch ye, stand fast in the faith, quit you like men, be strong. We watch for good news and victory more than they that watch for the morning. Yea, I say, more than they that watch for the morning."

## FAYETTE'S NUMBER ESTIMATED AT 1762

The government's estimate of the number of men in Fayette county who register today is placed at 1762, while other estimates run all the way from 1200 to 2000.

The estimated number eligible to registry in surrounding counties follow: Clinton 1918; Pickaway, 2119; Ross 3246; Highland, 2336; Madison 1612; Greene 2408.

## VALESKA SURATT The Empress of Fashion, in Rider Haggard's famous novel SHE

An elaborate Photo-Play Presentation. Miss Suratt plays the title role, Ayesha, "She-Who-Must-be-Obedied," a white queen of a savage tribe. She has attained immortality by bathing in the fires of the Flame of Life. 3,000 years ago Kallikrates, a young Egyptian priest, was killed by Ayesha, when he refused to abandon his young wife for her. His widow gives birth to a son whom she charges to avenge his death. This solemn duty is passed on from generation to generation. In the present era its fulfillment falls on Leo Vincey (Ben L. Taggart), a direct descendant of the priest. Leo sets out for the mysterious land of She. On landing in Egypt he meets Ustana (Miriam Fouche), a native girl. She kisses him, thereby becoming his wife. On entering the city with the girl Leo and his companions try to stop a cannibal feast. Leo is wounded and his companion Holly (Tom Burroughs) is hailed before the queen Ayesha.

We leave you here in the midst of this interesting story and sincerely hope that you will attend the presentation of the photo-drama this evening only at 7:00 and 8:30.

Object to "Purity" Film.

Columbus, June 5.—On complaint of H. A. Straub of Ada, secretary of the Lord's Day Alliance of Ohio, a warrant was sworn out for Manager William James of the Broadway theater, where the film "Purity," featuring Audrey Munson, artists' model, has been showing. The warrant charges that public exhibitions have been given by a film "not passed upon, approved or stamped by the state board of censors."

Wheat Conditions Improving.

Columbus, June 5.—Wheat crop prospects for Ohio, while they are 53 per cent of the average of the last ten years, are 8 per cent better than two months ago, according to the official June 1 report, issued by Secretary N. E. Shaw of the state board of agriculture. A year ago the prospect was only 68 per cent. The estimate for the summer's yield is 12.6 bushels an acre, or a total production of 21,202,900 bushels, which is \$267,000 short of the ten year average production.

## LICENSE REFUSED; GIRL NON-RESIDENT

HAPPY THOUGHT FOR TODAY

A license to wed was refused by Judge Allen Monday afternoon, when Raymond Curt, 22, plumber, of London, and Nellie Sward, claiming her age as 18 and her home as Portsmouth presented themselves for a license.

Judge Allen was in doubt as to the girl's age, and when her age and date of birth did not correspond, and she claimed Portsmouth as her home, license was refused, although the "Marrying Justice" was present to tie the knot.

## BUY A LIBERTY BOND NOW

The great middle classes of America should carry the nation's big war loan—and they will. This nation belongs to the middle classes—it's theirs and they want to defend it. The middle classes and the peasantry of France carry the government debt, and the yeomanry of England carry the bulk of the British loans.

Sometimes we need a little reminder of our duty. Right now the words of Kipling, at the beginning of the Boer war, are appropos: "When you've shouted Rule Britannia, And sung God save the Queen, And finished killing Kruger with your mouth; Won't you drop a shilling in my little tamborine For the gentleman in Khaki ordered south."

## NEW FEATURE OF TAX BILL

(By American Press)

Washington, June 5.—Prohibition legislation, a new feature of the war tax bill, has been approved by the senate finance committee.

Prohibition taxes on distillation of whisky and other spirits for beverage purposes, with a ban on their importation, were agreed upon by a substantial majority of the committee. Taxes fixed by the house on beer and wines were left unchanged, though they have not yet been finally approved. General suspension of beverage production by distilleries and use of liquor now in bonded warehouses probably would be the effect of the new tax section if enacted into law.

Curtailed of liquor consumption during the war and conservation of foodstuffs used in manufacturing distilled spirits, Chairman Simmons said, constituted the dual object of the committee in adopting the substitutes for the house rates. Manufacture of alcohol for industrial, mechanical or medicinal purposes would not be affected.

In addition to the present tax of \$2.20 a gallon on the liquor, a tax of \$20 a bushel (from \$5 to \$9 a gallon) on all grain cereal or foodstuffs used in manufacturing whisky or other distilled spirits for use in beverages was written into the bill.

Senator Simmons said the increase would be prohibitive upon manufacture, while the law is in effect or during the war. Increased tax of \$5 a gallon on molasses, syrups and substitutes used in distillation for beverage purposes also was agreed to. Permits for exportation would be given only for war purposes on application by a nation at war with Germany.

In supplementary legislation the committee approved an amendment prohibiting importation into the country. Porto Rico and the Philippines of distilled spirits made from any foodstuffs except for industrial, mechanical or scientific purposes. Senator Gore of Oklahoma, a prohibition advocate, was the author of the liquor amendment.

Belief in the committee that little or no revenue loss will result is based on the fact that whisky and other distilled spirits already manufactured may be withdrawn, upon payment of \$2.20 a gallon, for general consumption.

In addition to determining the liquor question the committee voted tentatively against increasing second-class postage rates on newspapers, magazines and other publications. A flat 2 per cent tax on advertising receipts was, instead, agreed upon. Senator LaFollette later presented an amendment exempting certain classes of publications from the advertising tax. Publishers receiving less than \$2,000 annually from advertising have been suggested for exemption.

Robin—Mr. Wallace Perrill.  
Farmers—Elizabeth Hendrix, Jocelyn Bowen, Alene Hess, Ruth Pagley, of Bloomingburg.  
Court Lady—Miss Anna Grace McCoy, of Bloomingburg.  
Farmer's daughter—Gladys Evans.  
Miss Golda Ryan will be the accompanist.

## LITTLE LIKELIHOOD OF TRAINING CAMP LOCATING HERE

With the announcement that the War Department has decided to reduce the number of army cantonment from 32 to 16, the chances of a camp being established near this city is believed to have been wiped out, and no such camp may be established in this part of the state.

The original plan was found too expensive, and the number of camps will be cut in twain, so that the camp which was to have been located in this part of Ohio, in all probability has vanished in thin air.

The War Department also is planning to house a great number of soldiers in tents instead of shacks or wooden structures as originally planned.

Those in touch with the situation believe that with the number of camps cut in twain, there is no likelihood of camp being located in Ohio at all, because all tent camps will be located somewhere in the south because of weather conditions. So far only four sites have been selected.

## ADJOINING CITIES WORKING CHARTER

Both Xenia and Chillicothe are now seriously considering the adoption of a charter form of government, and since the declaration of war and the still more urgent necessity of watching how each dollar is expended, the demand for the charter form is on the increase.

In this city interest is on the increase, and a meeting will be called in the near future for the purpose of naming candidates for charter commission.

## "Make the World Safe for Democracy"

The Whole People Must Share the Fight

Youth and strength must fight face to face with the enemy. We, left behind, must serve as we can. It is our war, too.

The U. S. Liberty Loan is **your** personal call to serve. Your chosen representatives in Congress have voted it, have called upon every home to lend of its surplus **now** to make victory sure.

This is not a war tax—not a gift—but a loan to your country, with neither principal nor interest taxed so long as you live.

It is absolutely safe—all the wealth of the United States guarantees payment. The **net** income (3 1-2 per cent) makes it a profitable investment. Yet you, too, serve the cause of free democracy when you subscribe. Can you do less to help save the world from frightfulness?

In this fight stand with our army, our navy and our flag. Order today your full share of Liberty Bonds.

Bonds of from \$50 up can be ordered through any bank or bond house, which will give full details.
